

TYPOTHEQUE presents

# Murtaugh & **Riggs**

# A new approach to building type families, basing this project not on stroke widths, but on the idea of age.

---

Murtaugh started with an exploration of the smallest available size of Latin Antique, a generously proportioned 19th-century text typeface, now adapted to meet the requirements of contemporary design. The older partner in the Murtaugh & Riggs typeface duo.

Riggs was created to counterbalance Murtaugh, built on the same metrics as a stylish, contemporary sans, informed by early 19th century sensibilities but with a thoroughly modern flair. The younger partner in the Murtaugh & Riggs typeface duo.

---

Murtaugh & Riggs were designed by Nikola Djurek, and published in 2020. Djurek was born in Croatia, and studied in The Netherlands at postgraduate master course Type and Media at Royal Academy of Art in The Hague, he later earned his PhD degree in the graphic and type-design field. Nikola is a partner at Typotheque, and teaches at Art Academy — DVK, University of Split and University of Zagreb, Faculty of Design.
